

ELECTRONIC SIREN

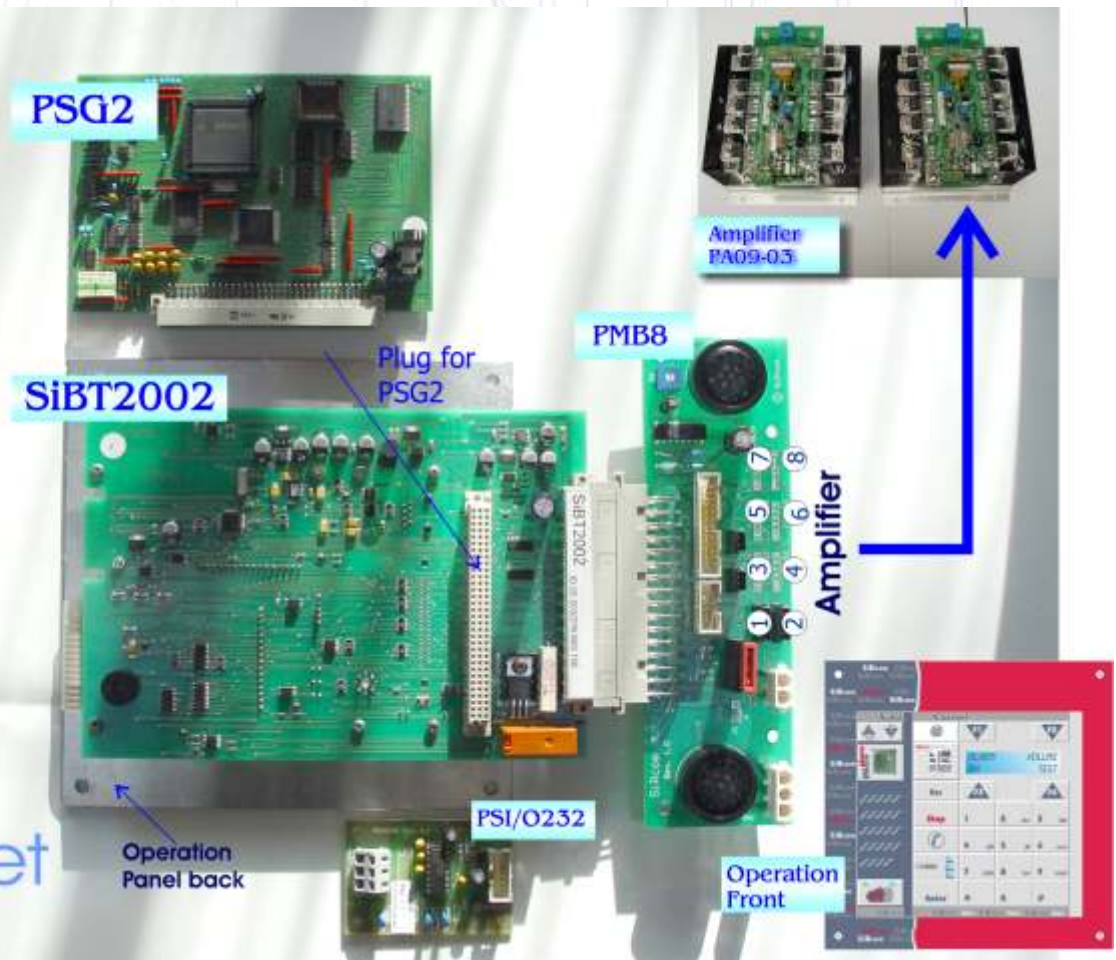

SIBT 1500

sound pressure level	121 dB (C)ansi @ 30m
sound characteristics	Omnidirectional
fundamental frequency	415 / 425 Hz dual
number of horns	12
weight of head total	165 kg
number of amplifiers	4
total output power	1500 W
sound and signals	per customer spec.
number of different signals	min. 10
battery voltage / capacity	24V / 100 Ah
mains supply	230 V
standby time with min. 2 alarms	> 7 days
number of possible alarms	min. 8 at 20°C
ambient temperature (operating)	-25°C ~ +60°C
cabinet dimensions (w*h*d,mm)	800*1000*200
