- FastLinc (802.11b/g)
- PlantLinc (Serial)
- Wireless I/O
- LincView OPC

Wireless Applications

- SCADA
- Factory Automation
- Ethernet I/O

Data-Linc Group and Wired & Wireless Solutions International invites you to attend our Technical Training Seminar in Sydney this Spring. The training will be two days in length, and will include data communication theory, wireless technologies, wireless network design, PLC interfacing, products (features, configuration and operation) and include hands-on sessions. The training is for Data-Linc Group partners and customers. Travel arrangements and travel expenses are the responsibility of the attendee. We expect to serve Morning tea, lunch and Afternoon tea during each session.

The training is tailored to:

- Automation specialists (Data-Linc Group distributors)
- System integrators, engineering firms & consultants
- SCADA professionals (water/wastewater, oil/gas, electric power)
- Automation and process control engineers

Trainer: - Larry Terwisscha is Technical Services Manager (Data-Linc USA) with over 20 years of experience in Industrial Communications.

Join us in Sydney to learn more about industrial wireless communications, wireless applications and Data-Linc Group products

Early bird registration fee: book before 7th September for just \$599 + GST
