wn – Wireless Networks

<u>Manufacturer</u>	<u>Product</u>	<u>Technology</u>
Vcom	700 MHz BWIN™ ⁽³⁾	Broadband

Notes:

3. Accepted the 700 Broadband Wireless Internet (BWIN™) system based on the Data Over Cable System Interface Specification (DOCSIS). This system must be a complete system end-to-end system from base station to the cable modem.

This acceptance does not relieve you, the manufacturer, of any responsibility for the satisfactory performance of the item and its conformity to guarantees, specifications or other provisions of contracts covering its sale. This acceptance is further granted with the understanding that no RUS accepted item shall be delivered to RUS borrowers with any changes in design or workmanship affecting the quality, strength, or electrical characteristics of the item without requesting, in writing, and receiving, Technical Standards Committee "A" (Telecommunications) acceptance of the changes.
