# Securing Water Treatment

**ALERT**

**FLOOD  
FLOODING  
SILTING  
POLLUTION  
TECHNICAL FAILURE  
ACCIDENT  
FIRE  
INTRUSION  
...**

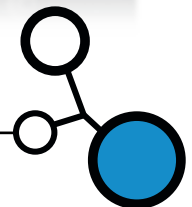

## SECURING

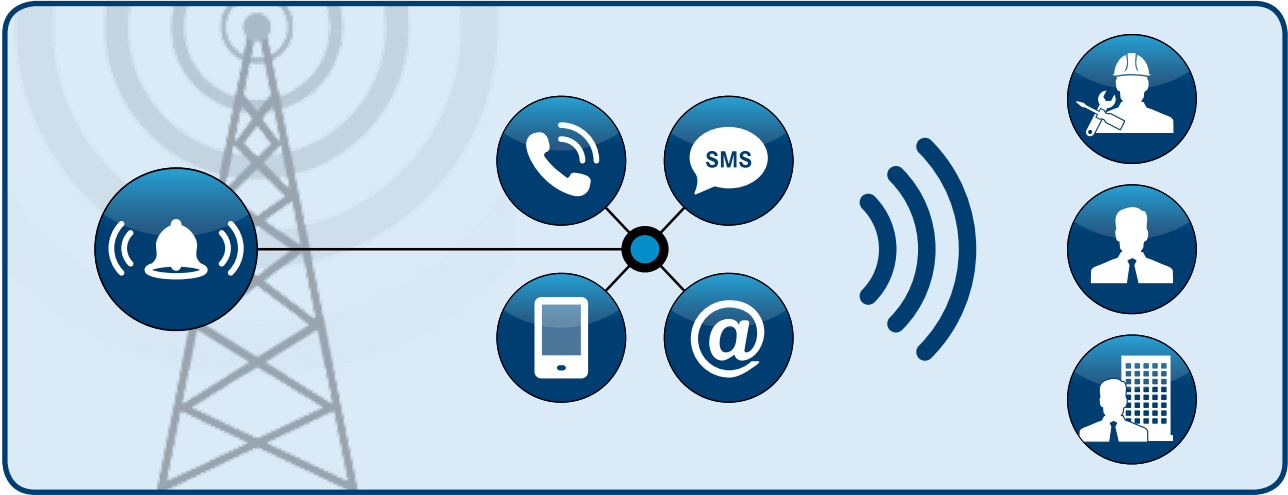

- Drinking water facilities
- Wastewater facilities
- Water resources (streams, irrigation...)

## WITH ALERT

A flexible solution

- To be immediately alerted
- To ensure a quick and efficient reaction
- To manage on-call schedules
- To enable operator mobility
- To get tracking of incidents and interventions

## ALERT: A REFERENCE IN EUROPE
